

English 4 Unit 3 Satire Project

By Joseph Davis

Anyone Can be Racist, Even Ghosts Dressed in White

- The Ku Klux Klan is a terrible racist group that is still alive today.
- Dressed in all white covered in hoods to hide themselves.
- Resorting to violence like the animals they are.

The Neo-Nazis or A.K.A The Sore Losers

- This group pathetically tries to keep their anti-Semitic ideas years after World War II.
- A bunch of racists who hate Jews and other minority groups.
- Shouldn't they just quit already? These skinheads need to know when enough is enough.

White Supremacists are the Worst

If you know what a white supremacist is, then do I really need to explain much? These are the ones who think they are the superior race, and it makes me sick. Does not justify their actions whatsoever and they think they should dominate society especially over black and Jewish people. Sick.

Is Robert Bowers Human? Or Is He Racist?

Someone who is human wouldn't make a whole group of people look like that. Someone who is human wouldn't open fire at a Synagogue... Someone who is racist would open fire at Jews taking 11 innocent lives. A disgusting person that only his mother would care for.

We Can't Just Kneel

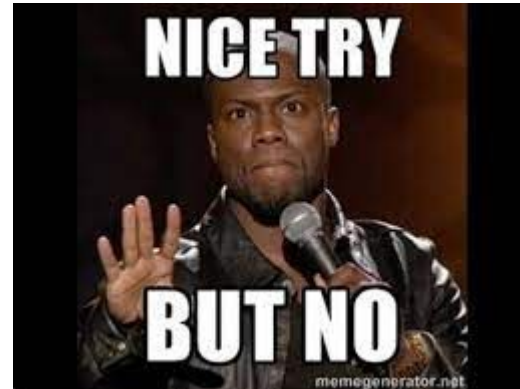

[“Taking the knee is degrading” – Wilfried Zaha slams Premier League equality initiative](#)

We just do it just to do it now. Taking a knee or even posting a black screen on Instagram is useless. People need to stand up tall and be proud of what they look like. We shouldn't let a racial slur ruin our mood, but these racists can't get away with their words and actions.

“Enough is enough, lets destroy the city.”

Come on now. Let's use our heads. Fighting violence with violence makes us look just like them. It gives us a bad reputation because of the small- businesses that were destroyed. The wackier part is, those business owners were for BLM too.

“Let’s protest, but we need to keep it peaceful and social distance.”

Just stay home then and retweet BLM quotes because that won’t stop racism at all. Protesting walking around town chanting “black lives matter” is indeed spreading awareness. What else? Can some of you people really look in the mirror and say this is going to stop racism? To put an end to this worldwide issue we need to take action, but in a way that benefits society.

Send Them To Jail

As a country, we need to show that there is zero tolerance for racism. There is no excuses to be racist, so these people need to spend time in prison. Make these racists afraid, and think about the words they say and how it harms different groups. Anyone can change, so experiencing prison time for their stupid racist remarks should change them for the better.
