The American High School SKYPE service will allow the student to communicate with the teacher with or without a video component. A headset and/or webcam will be needed for the video component of SKYPE.

If the student is unable to use SKYPE for any reason, we strongly advise that the student send a message to the teacher via the message center to request a conference with the teacher. The teacher will then contact the student directly using the contact information on file.

If you have any questions or concerns, please contact us at (866) 936-9654.
