Plagiarism Policy Reminder

American High School upholds the highest standards of academic integrity and expects all students to demonstrate honesty and responsibility in their academic work. Academic integrity is a fundamental value of our school community, requiring students to complete their own work and appropriately acknowledge the ideas and words of others.

This expectation also includes the responsible use of technology. The excessive or inappropriate use of artificial intelligence (AI) tools to complete assignments, tests, or projects — in place of a student's own effort — is considered a violation of the school's academic integrity policy.

Any instance of plagiarism — defined as presenting another person's work, ideas, or expressions as one's own — is a serious violation of school policy. Students found in violation of the plagiarism policy will face disciplinary consequences.

Students are encouraged to review the full policy to ensure a clear understanding of expectations and consequences.
